

# AlpDREAM slatted bases

SUITABLE FOR ALL MATTRESSES  
EXCEPTIONALLY  
GOOD  
SUPPORT

**10 firmness regulators**  
for comfort according  
to your wishes.

**The central strap** permits  
point weight distribution  
and guarantees anatomically  
correct body positioning  
while you sleep.

More zones equals more comfort.  
Special double slats provide great  
bending strength and improved sleep  
comfort. The reinforced lumbar section with  
birch wood increases the strength of the base, ensuring  
adequate support for the lumbar region of the body.

The firmness regulators allow you to change the firmness of the  
base according to your preferences. The elastic capers extend to the outer  
border of the longitudinal bar and provide additional comfort during sleep.

Suitable for all types of mattresses. The central strap permits point weight  
distribution and guarantees anatomically correct body positioning while you sleep.

**More zones** equals  
more comfort.  
Special double slats  
with great bending  
strength.

Individual  
**firmness  
adjustment**  
in the lumbar  
region.

Birch wood  
increases the  
strength of the  
base, ensuring  
adequate  
support for the  
lumbar region of  
the body.

**CHOOSE ALPES SLATTED BASES FOR THE PERFECT SUPPORT AND  
COMFORT DURING SLEEP. OUR ADJUSTABLE SLATTED BASES WILL  
ENSURE THAT YOU START THE NEW DAY FRESH AND WELL RESTED.**
